

## Favorite Scripture – Brian Barringer (2021)

### Scripture Book(s) and Chapter(s):

Philippians 2:5

### Scripture passage(s):

Let this mind be in you, which was also in Christ Jesus .(KJV)

### Why this is my favorite scripture:

In the preceding verses, Paul insists that believers are to place the interests of others before their own. In the text following verse 5, he describes how Jesus lived out these verses. Jesus left the splendor of Heaven, came to earth, and died so that we may spend eternity with God. That mindset has been made available – it is up to each of us to “let” it manage our hearts.

### What it provides me:

This verse gives me guidance as to how my attitude should be in dealing with others on a daily basis.

### What I hope it brings to others:

Father God, thank You for making available to us all that we need to live in this life as You would have us live. Keep us steadfast in our quest be true disciples of You in our daily lives. men
